

### **Total Facility Management (IFM & Managed Services)**

Total Facilities management (TFM) is the new concept that has evolved out of the Customer's need to outsource all non-core activities to a single vendor. Under this scenario MacLellan is able to offer a comprehensive and complete solution to meet our customer's needs.

TFM will enable our customers to pass the full responsibility of managing its facilities to MacLellan for a fixed price.

TFM Integrates IFM with "Managed Services" such as transport, catering, logistics and other corporate services required by the customers.

As part of TFM we also offer **Project Management**

MacLellan Integrated Services Pvt. Ltd.
